OUR DESIGN ETHOS

With our extensive design expertise, we place equal importance on premium quality materials, craftsmanship, functionality, and aesthetics.

Our creations are meticulously crafted to stand the test of time.

Our overarching objective is to produce universally appealing pieces to be useable by all people to the greatest extent possible without the need for adaption or specialised design.

OUR BRAND PARTNERS

We choose our brand partners very carefully with you in mind. We work with like-minded businesses which share the same vision ethos and values.

An elite member of the Italian design collective for over 60 years, Gedy is renowned for both its trend-setting style and work with international product designers including Mauro Artusio, Matteo Thun, Simone Micheli and Carlo Vietri.

Sonia, is a cool contemporary collection of bathroom accessories that encapsulates the very essence of luxe-living. Designed and manufactured in Spain, they utilise only the finest materials, including solid brass and are hand-finished to exacting standards that deliver looks, functionality and longevity.

WELLBEING & THE HOME

In an era where growing evidence emphasises the profound impact our environment has on our wellbeing, the importance of having thoughtfully designed personal spaces within our homes has never been greater.

BEYOND THE PRACTICAL

We know that a bathroom transcends its practical purpose.

It holds a unique place in people's lives, serving as more than where you go to wash; it's a sanctuary where you can relax, retreat, and escape from the demands of the outside world.

For children, it's a realm of joy and play, while for couples, it offers precious moments of much-needed togetherness.

IN THE SPOTLIGHT!

NEW MIRRORS

Our mirror designs for 2024 reflect the move to fluid styles that effortlessly encapsulate both the essence of nature and the evolution of society. The irregular, organic shapes of our mirrors gracefully replicate the meandering curves of a river, while our Arch designs pay homage to the architectural splendour of enduring archways. Each contour is meticulously sculpted to engage and enchant the senses, creating a harmonious fusion of form and function.

MIRROR ICON KEYS

Demister pad.

Product IP rating. IP44 suitable for zone 2 in bathroom.

Mirror with touch switch.

Mirror with sensor switch. Must be installed at least 15cm away from wall or surface.

PVC safety backed mirror holds glass together in case of accidental damage.

Latest generation of LED lights offer best performance at lowest energy consumption.

Indicates lights are dimmable.

Dual or triple white temperature colour. Switch between 3000K, 4000K and 6000K using the illuminated on/off switch.

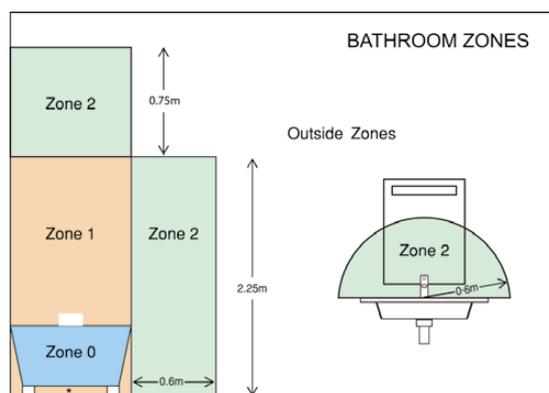

Suitable with demister pad. See p67

BATHROOM ZONES

Luminaires chosen for use in bathrooms are subject to certain wiring regulations and must be selected and erected, so as to be suitable for the external influences likely to occur at the particular point of installation. Such influences are likely to include steam (leading to condensation), falling drops of water and sprays and/or jets from shower heads.

All luminaires can be assigned an IP (Ingress Protection) rating. This relates to the protection afforded by the light fitting against penetration by solid particles or moisture. The IP rating consists of two numbers. The first number relates to the degree of protection against solid particles, the second to the degree of protection against moisture.

For bathroom use, the second number is the most significant. The required IP rating for light fittings in bathrooms depends on their actual location in the bathroom. The regulations divide the bathroom into zones (see illustration) which determine the IP rating. All luminaires used in a bathroom must be protected with a 30mA RCD, in accordance with IEE regulations.

Zone 0 Interior of bathtub or shower tray - IP68 and low voltage supply (max 12v).

Zone 1 Perimeter of bathtub or shower tray up to a height of 2.25m above the floor - IP44.

Use IP65 where water jets are used for cleaning purposes.

Zone 2 Perimeter 0.6m wide around Zone 1 and a 60cm radius above washstands- IP44.

Use IP65 where water jets are used for cleaning purposes.

Outside of Zones There are no stated requirements for IP. Luminaires should be suitable for their location and provide adequate protection against electric shock.

CONTINUAL IMPROVEMENT

Our company policy is one of continual improvement and Origins Living reserves the right to amend designs and specifications without prior notice. The colours in this brochure are as accurate as colour printing processes allow. All measurements are subject to a manufacturing tolerance. E. O.E.

5 YEAR GUARANTEE

MIRRORS, CABINETS & LIGHTING products are guaranteed for 5 years from date of purchase. Further details upon request.

CORPORATE SOCIAL RESPONSIBILITY

At Origins Living we strive to take all reasonable steps to trade ethically and sustainably. As a family business, we genuinely care and this has been at our core since the inception of the company in 1995.

We understand that every action we take has an impact on people and the planet and we remain committed to continual improvement in all aspects of our business.

We consider our role within corporate social responsibility to fall within two classifications; compliance and proactive. Compliance refers to our commitment to adhere to the legalities and commitment to upholding social & ethical values. Proactive relates to our own initiatives to help our communities and protect our natural environment.

You can read our full corporate social responsibility statement here:
